This application is in condition for allowance except for the presence of claims 19-20 directed to invention Group II non-elected without traverse. Accordingly, claims 19-20 been cancelled.

Reasons for Allowance:

The following is an examiner's statement of reasons for allowance: the prior art does not teach all of the limitations of the claimed invention including:

- a lever mechanism coupled to the cradle and slidably mounted through the body; and a handle pivotally attached to the body and the lever mechanism operable to actuate axial movements of the cradle,
- the cradle adapted to support a connector body of the connector without causing interference to a connector interface of the connector.

Accordingly, Claims 1-17 and 21 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
